

Threaded Camera Solar Filters

These full aperture filters come in threaded cells to fit securely on various camera lens sizes. The filters are also constructed from black polymer film, giving the natural yellow-orange sun when viewing or photographing.

Filters are packaged in a foam lined box perfect for storing the filter when not in use. When properly used and stored the filter will last for many years.

Highlighted items are in stock and can be ordered in the Scopedawg shop. For other filter sizes, complete the order form on the filters main page, items will ship from manufacturer.

Part Number	Camera Lens OD Measurement	Price
ST-37mm	37mm	\$49.00
